I have a no nonsense attitude towards safety and I am very passionate about training which reflects in the high standards that I maintain and promote, this is a reflection from my hard work and dedication from my days in the military to my present vocation, to which I will endeavour to continue. I am not afraid to neither learn nor update my skills base where necessary in order that I maintain those standards expected of me as a professional instructor.

At the moment I am also undertaking Level 4 in Health & Safety.
